

Safety

We want you to have a safe and enjoyable Homecoming Weekend.

Kalamazoo College operates its own non-deputized security program. Security personnel, under the direction Tim Young, Director of Security, regularly patrol the campus 24 hours a day. Security will respond to all requests for service and attend to situations around the campus that affect the security of residents and visitors.

You will note increased exterior lighting , added outdoor emergency phones and trimmed shrubbery to make Kalamazoo College safer, and your weekend more enjoyable. Although these improvements and the presence of security patrols greatly increase campus security, safety must always be of personal concern. The security department requests that criminal acts and unusual or suspicious activity that occurs on college property be reported immediately.

Campus Speed Limits

The speed limit on campus roads is 15 MPH. Please drive cautiously, watching for students, returning alumni, and guests at crosswalks and between cars.

Emergency Contacts

College Security: (269) 337-7321
Kalamazoo Public Safety Department: 911

Note: If calling from a campus phone, you must dial "9" for an outside line.
