NOTES

First class day is always after Labor Day.

Orientation often takes place before Labor Day.

Orientation may begin in late August (e.g., 2012-2013, and again in 2017-2018).

Commencement usually occurs in May (except approximately every seven years where it will occur on June 1, e.g., 2013-2014).

2011-2012 Winter Break Week 4 is split in half - Mon-Wed prior to break, Thu-Fri after break. Courses with labs may need to revise plans during this week.

This occurs again in 2016-2017. This is necessary to maintain our goal of a two-week spring break & commencement by June 1 at the latest.

2012-2013 Winter Term This year winter term consists of 4 weeks before and 6 weeks after break in order to ensure commencement takes place by June 1.

2013-2014 Spring Exam Wk In these years, in order to maintain the Memorial Day holiday for staff and faculty, we will condense exam schedules to three days.

2014-2015 Spring Exam Wk

2013-2014 Commencement While our goal is to hold Commencement in May, every seven years or so it will take place on June 1, to maintain a two week spring break.
