Kalamazoo College
Resource Verification Form

Immigration laws require that international students have enough financial support to meet their expenses for at least the first year of studies in the United States, and the reasonable expectation that the same level of funds will be available in subsequent years. As your visa sponsor, we are responsible to obtain documentation from you verifying that you have adequate financial resources for your expenses at Kalamazoo College.

This form is required to verify your source of funds for only your first year of studies at Kalamazoo College (see the back of this page for documentation instructions). However, we strongly suggest you determine now how you will fund your studies for the entire Bachelor's degree program (four years in most cases).

The above expenses reflect those expenses directly related to your attendance at Kalamazoo College. A portion of these expenses is paid directly to the College as the comprehensive fee (tuition, room, board and fees). The “miscellaneous expenses” portion of the budget (personal expenses and incidentals) is only an estimate.

We ask that you take into account your standard of living and anticipate that your actual expenses may be more (or less) than the standard amount used to calculate the budget. You will be responsible to cover these costs as well.

*Domestic and international travel is not included in this budget. Please keep this cost in mind when figuring your finances.*
