French and Francophone Studies

French Studies

The French program emphasizes a critical understanding of the French-speaking world by focusing on language skills, analytical tools, and the study of a variety of kinds of cultural expressions. These studies are one effective way of gaining a deeper understanding of the world, which is an important element of a liberal arts education. The department offers courses in French literature and culture and the literatures and cultures of Francophone Africa, Canada, Asia, and the Antilles. Students of French may study abroad in Strasbourg and Clermont-Ferrand in France and in Dakar, Sénégal.

Coursework and off-campus experiences are complemented by on-campus opportunities that maintain and improve a student’s language skills and expand students’ understanding of the Francophone world. These opportunities include viewing French language films, reading French publications, conversing with classmates and native speakers at the French table, and attending area cultural events.

Faculty members meet students inside and outside the classroom, participate in campus activities, and counsel students regarding graduate and professional career choices in music, high school and college teaching, science, publishing, government, international trade, international banking, non-governmental organizations, and other fields. French students at Kalamazoo College have a high rate of acceptance when applying for French government teaching assistantships for teaching English in France after graduation.

Placement

All incoming students who have previously studied or have had significant exposure to French must take the College’s placement test. Students with three or more years of high school French will not be placed into FREN 101. Those students who wish to receive credit for language courses that they have taken at another college or university before enrolling at Kalamazoo College must take the French language placement test and test into a higher-level course than the one for which they are seeking transfer credit. Any appeal of the placement test results should be directed to a French faculty member.

Advanced Placement (AP) and International Baccalaureate (IB) Credit for the Major or Minor

Students who took AP or IB examinations in French must still take the Kalamazoo College French placement test. An Advanced Placement (AP) score of 4 or 5 in French language can be counted as one credit toward the French major or minor provided that the student take French 203 or beyond as her/his first French course at the college. IB scores of 5-6-7 on the Higher Level may count toward a major, minor, or concentration at the discretion of the department faculty.

Requirements for the Major in French

Number of Units

Eight units are required, not including FREN 101, 102, or 201, but which may include the SIP. No more than two of these units (in either language, literature, or culture) may be earned during Study Abroad. No more than three units total may be earned off campus through any combination of study abroad, AP, IB, transfer credits or inter-institutional enrollment.

Required Courses

FREN 301 Introduction to French and Francophone Studies (prerequisite to all 400-level courses)
FREN 490 Senior Seminar
At least two additional units in 400-level courses on campus

French majors are encouraged to develop appropriate cognate programs in areas such as History, Political Science, Economics, Music, Philosophy, Anthropology, Sociology, International and Area Studies, or International Economics and Business. HIST 244 and 245 are highly recommended for French majors.

Units from Study Abroad
French majors are expected to participate in a study abroad program and acquire a high level of language proficiency. Only two units to be used toward the major in French may be earned in a long term (6 month) or an extended term (9 month) program. One unit only from a short term (3 month) program may be used.

Those who did not take French 301 before Study Abroad will normally take that course upon their return to campus, but should consult with the department before doing so. All students will then take the senior seminar plus the requisite number of 400 level courses (possibly including a SIP) in order to complete the French major.
